

We are of course working with Governors to ensure we do whatever we can to limit the effects of these funding cuts. We have already written to Parliament through our local MP to raise our concerns. Philip Davies visited school a few months ago for us to show him the impact that these cuts in funding are having and we asked him to act on our behalf. The Chair of Governors and I encourage you to get in touch with our local MP and ask him what he and his Government are doing to protect schools in the area. Please sign the petition which has been set up online at www.schoolcuts.org.uk. You can also find more information at parent ran website www.fairfundingforallschools.org.

We apologise if this letter makes for some difficult reading. However, we feel it is important to let you know the challenges we are facing at the school with regards to funding so you can better understand what is happening. There is so much focus in the news about Brexit at the moment that news on schools and other public services are just not making the headlines.

As ever, we are very grateful for the support parents give – in so many ways – to our school. If you have any suggestions on how school can raise additional funding streams or save costs we would love to hear from you.

Yours sincerely

Mrs Sarah Crowther
Headteacher

Mr Johnny Rookes
Chair of Governors
