27th September 2019

Dear Parents/Carers

Technology is all around us and becoming a huge part of our lives and our children's lives. We wish to help your child grow up with a healthy attitude towards technology and its ability to help us and entertain us. It would be very useful for us to gain an insight into the types of technology that your child is already confident using at home and also the types of technology that they may or may not be aware of.

Does your child know how to operate simple equipment such as using a TV remote control?

Does your child show an interest in technological toys such as a mobile phone?

Does your child play on a computer?

Can you tell us about any WOW moments your child has had in regards to technology?

Any other comments?

Have you got any pictures that we can add to your child's Nursery Memories photo book? If so, please could you bring them in.

If you are not sure what technology your child uses, please come and have a chat to a member of staff.

We look forward to hearing from you!

Many thanks.

Yours faithfully

Mrs Riley, Miss Hodgson and Miss Ambridge (Early Years Staff)
