

Family Games

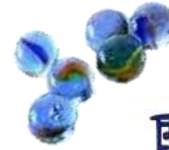

We and **[link school name]** have been playing games. One game is called 'Visible and Invisible'. We have found out lots of things we didn't know and had lots of discussions with each other.

We play games when we meet each other. Games are a good way to make friends, find things out and a way of having fun.

Other games we have played are **[insert games-heads up/Kim's Game/jigsaws etc]**.

At home, we would like you to play one of these games. Your child can teach you how to play them. **[Link School]** children and families are playing them too.

Do you have a family game that you play? Maybe you play it at a special time of year? Or maybe a game you play when you are on holiday or for a celebration? Is it a game that you could share with our class that we could teach **[link school]**?
